February 22, 2008: Participated in a DTV seminar for legislative staff, in conjunction with the Texas Cable Association. The purpose of the event was to educate legislative staff about the transition and to highlight that broadcasters, retailers and the cable industry are working together to make the transition as smooth as possible for consumers. We demonstrated a set-top converter box installed on an analog TV. Additionally, we showed various sample PSAs that have been distributed and are being aired by stations and cable outlets to help educate consumers. Delegates also received a packet of handouts with information about each major component of the transition.

March 12, 2008: Presented at the AWRT "What Do I Need to Know About HD?" meeting on March 12, 2008.
